NOTICE OF RECEIPT OF A PERMIT APPLICATION  
FOR A SOLID WASTE DISPOSAL FACILITY

BFI Waste Systems of North America, LLC has applied to the Tennessee Department of Environment and Conservation (TDEC) Division of Solid Waste Management (DSWM) for a solid waste disposal facility permit modification to construct and operate a Class III landfill (DML 79-0122). The facility is located in Shelby County, 7111 Old Millington Road, Millington, Tennessee (latitude 35°20'09" N/ longitude 89°57'11" W). The waste materials to be accepted are classified as farming wastes, landscaping and land clearing wastes, demolition/construction waste, shredded automotive tires, and/or certain wastes having similar characteristics and approved by the Department. The BFI Waste Systems of North America, LLC application is proposing to reclassify Sector 10 of the North Shelby Class I Landfill (SNL 79-0224) to a Class III facility within the existing footprint of the Class I facility. Sector 10 is an approved Class I facility that will be downgraded to a Class III facility.

Under State law, the applicant must obtain a permit before constructing or operating the proposed facility. DSWM has received a Part I Permit Application indicating BFI Waste Systems of North America, LLC's desire to obtain the required permit.

A complete permit application consists of both a Part I and a Part II, as described in Regulations Governing Solid Waste Processing and Disposal Facilities in Tennessee, Rule 1200-1-7-.02(2)(c). Upon receipt of a complete Part I and Part II application, DSWM will do an in-depth review to determine if the application meets the technical standards of the Regulations described in Rule Chapter 1200-1-7-.04(9), Solid Waste Processing and Disposal. Once the technical review is completed, DSWM will make a tentative decision to either grant or to deny the permit and will issue a public notice of such decision. This second notice will provide the public at least 45 days to submit written comments on the proposed action and to request a public hearing (a public hearing may be announced in this second notice if there is already significant public interest). If there is a significant degree of public interest found following the publication of this second notice, a public hearing will be scheduled, and a public notice issued at least 15 days before the hearing. After considering all comments received, the DSWM Director shall issue a final permit decision and a response to comments.

Further information on this matter may be obtained by contacting the Division of Solid Waste Management at the TDEC Memphis Environmental Field Office, 2510 Mt. Moriah, Suite E 645, Perimeter Park, Memphis, TN 38115-1520, telephone: 901-368-7939; or Mr. Larry Hubbard, BFI Waste Systems of North America, LLC, General Manager, 7111 Old Millington Road, Memphis, TN 38053; telephone: 901-872-7258.

Persons who wish to be on the Division of Solid Waste Management's mailing list should obtain a Mailing List Request form by calling or writing the Public Participation Officer, Division of Solid Waste Management, Tennessee Department of Environment and Conservation, 5<sup>th</sup> Floor, L & C Tower, 401 Church Street, Nashville TN 37243-1535, telephone: (615) 532-0798, email: [solid.waste@state.tn.us](mailto:solid.waste@state.tn.us).

The Tennessee Department of Environment and Conservation is committed to principles of equal opportunity, equal access, and affirmative action. Contact the EEO/AA Coordinator at 1-888-867-7455 or the ADA Coordinator at 1-866-253-5827 for further information. Hearing impaired callers may use the Tennessee Relay Service at 1-800-848-0298.
